

# Argos OnBoard for Kyocera

## Accurate and Easy Print, Copy, and Scan Tracking

Argos OnBoard tracks copying and scanning right from the panel of your HyPAS-enabled Kyocera printer. Argos tracks printing with or without a print server, and works around your printing workflows rather than interrupting them.

## Beautifully Reported

Argos shows you every document, organized by user, department, printer, location, paper type, client, and more. With over twenty professionally-designed reports, and hundreds more available, you'll see your print and copy expenses with clarity and precision. Every Argos report is customizable because it's built on Crystal Reports, the industry-standard reporting engine.

## Features

- Embedded all-software solution
- PIN code or Prox card authentication
- Cost recovery for client bill-back
- Flexible cost calculator models any scenario

## Requirements

- Compatible Kyocera HyPAS-enabled MFP
- Kyocera Card Authentication kit (if using Proximity card reader)

## Supported Printers
