

Argos OnBoard for Sharp

Accurate and Easy Print, Copy, and Scan Tracking

Argos OnBoard tracks printing, copying, and scanning right from the panel of your OSA-compatible Sharp printer. Argos tracks printing with or without a print server, and works around your printing workflows rather than interrupting them.

Beautifully Reported

Argos shows you every document, organized by user, department, printer, location, paper type, client, and more. With over twenty professionally-designed reports, and hundreds more available, you'll see your print and copy expenses with clarity and precision. Every Argos report is customizable because it's built on Crystal Reports, the industry-standard reporting engine.
