Argos

Argos OnBoard for HP MFP

Accurate and Easy Print, Copy, and Scan Tracking

Argos OnBoard tracks printing, copying, and scanning right from the panel of your FutureSmart-compatible HP printer. With As-Printed Tracking, Argos OnBoard for HP works with or without a print server–even in a serverless cloud environment for ultimate flexibility. Tracking that works around your print workflows instead of interrupting them.

Beautifully Reported

Argos shows you every document, organized by user, department, printer, location, paper type, client, and more. With over twenty professionally-designed reports, and hundreds more available, you'll see your print and copy expenses with clarity and precision. Every Argos report is customizable because it's built on Crystal Reports, the industry-standard reporting engine.
